

CONTINUING EDUCATION SEMINAR

# BIOLOGICALLY FOCUSED LIGHTING

## The Truth About Circadian Lighting

*Presented By: Ken Esterly | VP Sales at BIOS: Biologically Innovation & Optimization Systems*

- *Understand the basic science of circadian rhythms and its interaction with light.*
- *Describe the design considerations needed for implementing circadian lighting.*
- *Understand how color tuning addresses circadian lighting needs.*
- *Understand how light spectrum addresses circadian lighting needs.*

### **Learning Units:**

1 AIA LU/HSW

1 WELL AP LU

**Wednesday, September 11th | 11:30am-1pm**

**\$10 Member | \$15 Non-Member**

*Includes Catered Lunch*
